Volume 12

Indian River can be
Considered to many
As a second home.
This is the place
Where we laid
The foundations of our futures.
What we wished
To accomplish,
Achieve, and reach
In life
Started at IR.
We realized
Our hopes, desires, dreams;
And we started here
To strive to
"Make all our dreams come true"

To Make Our
Dream Come True . . .

To Be Number One

Seniors Dedicate The 1978 Sequoyah

Last December, the Seniors voted to find the recipient for the dedication of this year's annual. Many characteristics for this person were taken into account. This special person had to be someone we respected, someone who was willing to give much in time and energy, and someone who cares for her students. The one the Seniors chose possesses all these qualities and more. She is . . . Mrs. Carole Gibson Smith.

Mrs. Smith teaches Drama I and II and directs all play productions here at Indian River. Her hard work has not only resulted in fine productions year after year, but all those who worked under her learned about the many aspects of theatre. Each student was exposed to technical aspects and various acting techniques. Mrs. Smith spent many hours before and after school either holding meetings with heads of crews, finalizing plans on all phases of the show, or working with members of the cast so they may reach their potential.

Mrs. Smith's dedication and creativity have made her worthy of the respect of all. She has helped many realize and move toward making their dreams come true. Because of her diligent efforts, we the Seniors of Indian River dedicate the 1978 **Sequoyah** to one of our finest . . . Mrs. Carole G. Smith.

To Mrs. Carole Gibson Smith

- 1/ Mrs. Smith makes a few adjustments.
- 2/ Mrs. Smith discusses plans for CAROUSEL with the production staff.
- 3/ And just what do you think you're doing?!
- 4/ Mrs. Smith acts out her ideas.
- 5/ Even directors can enjoy a light moment.
- 6/ Mrs. Smith is getting things straight.
- 7/ Mrs. Smith's natural look?
- 8/ Mrs. Smith is giving the idea great consideration.
- 9/ Even Mrs. Smith smiles!
- 10/ Mrs. Smith gives Traci McMillan blocking instructions.

SENIORS

On the final note
Of the Alma Mater,
Events of the past years
Will be remembered.
The Prom, the Christmas Dance,
Senior Week, fund raising projects,
Tests, quizzes, lectures,
Were all parts of these years.
All these helped to prepare
Us for the final day in June
Which was not an end;
But rather a beginning.
Each of us
Has a special dream
Of what we want in the future,
After graduation,
We will all strive hard
To make our dreams come true.

UNDERCLASS

The people
Within these pages
Are all unique.
They added much to IRH;
Their spirit, support, time.

The underclass
Are realizing what their
Dreams are;
What they are capable of doing;
What they are capable of being.
No matter where
They have been before
They reached here
Is unimportant.
What matters is
They are all working
To make their dreams come true.

Junior Class is

The Juniors began the year with a good start with the theme of "Robin Hood" for the Homecoming parade. They sponsored two dances, one in the fall and one in the spring. Music for both dances was played by Big Bad Base. The Juniors also went to the classrooms in the morning to collect dues. Takes A Break

SPORTS

Like finely turned instruments
 In an orchestra
 Our athletes blended their individual talents
 To insure a smooth team performance.
 Whether we were participants or spectators
 We watched in awe
 At the sight of a ball
 Sailing smoothly over the fence
 Or our runner piercing
 The tape at the finish.
 We were thrilled
 At the sound of "Rouser"
 After a Brave touchdown
 Or the silence of a wrestling match.
 Whether the game was won or lost,
 What really counted was
 The effort, the enthusiasm
 And the oneness of the team.
 Each person put forth his best to
 "Make Dreams" of his teammates
 And himself
 Come true.

Braves Have Best Season

The Varsity Football Team had a peculiar season this year. Although they lost only one game to the Great Bridge Wildcats, they tied four. This did not dent their spirit, however, and they went on to take second place in the district standings with the Western Branch Bruins who won first place. The Braves had the second best defense in the district and an offense to match. In offense, the team gained fourteen points per game and in defense they allowed only nine points per game.

We were proud that some of our players made the All District first and second offensive and defensive teams as well as the first and second All Metro Teams. The Braves ranked first in power rating and Darren Griffin ranked second in receptions in the District while Darryl Boyd ranked in rushing, and quarterback Ervin Young was ranked as one of the quarterbacks in the District.

The team did indeed earn a record to be remembered.

Brave Football Team

The Braves season went extremely well this year. Much work went into each practice which lasted until as late as 7:00 at night. An experienced coaching staff paved the way for them. The staff consisted of Coach Hodsdon, Coach Voight, and Coach Dukes. The four Co-Captains this year were Philip Cooper, Daryl Boyd, Ervin Young, and Tommy Beasley. Time, patience, and much sweat went to make this the best season the Braves ever experienced.

- 1/ The Braves huddle for pre-game prayer.
- 2/ This Bruin will be sorry tomorrow!
- 3/ Donson Brown is deep in thought.
- 4/ Look out behind you.

Varsity Cheerleaders . . .

The Varsity Cheerleaders again proved themselves to be a vigorous group. They attended the Golden Eagle Cheering Camp, in Lynchburg and came home with First Place Trophy along with two blue ribbons, one red ribbon, and a Gold ribbon. But all these honors did not just happen. The girls worked hard. They held practice during the summer. And after school, perfecting their cheers and acrobatics. When signs were to be made, they willingly stayed after school to create high-spirited banners to fly in the hallways. They were really a super group of girls.

J.V. Teams Cheered

The Junior Varsity Football set an example for every other J.V. team in the area this year. Much hard work went into the practices they had and no one loafed around. Under the fine coaching of Mr. Gometz and Mr. Lassiter how could they go wrong? They had a right to be proud of their accomplishments.

Go! Fight! Win! This was just one of the many chants of the J.V. cheerleaders. The squad cheered the J.V. teams on through thick and thin. They attended the Golden Eagle Cheering Camp and came home with many ribbons and the most spirited cheerleader — Melanie Matthews.

The Junior Varsity Basketball team has sparked one of its best seasons with the coaching of Joseph Bonnevillie. This year's team is balanced with much talent. Top scorers for the Baby Braves are Harvest Brown with a 22 point average and Woody Harris with a 16 point average. J.V. has lost one game to this point, these players will be a promising team for the future Braves.

The J.V. team is the backup of the Varsity Team. They practice side by side with the Varsity Team work every bit as hard. They are there when you need them to replace injured or sick varsity players. The team this year had a good year. Jack Jenkins was head coach of the J.V. team and took it upon himself not to be just a coach, but the best J.V. coach in the area.

Braves Wrestling Team Proved

The returning Co-champions of the Southeastern District had another outstanding year. Practice started immediately after school and lasted until 6:30 for six days of the week. Along with the warm weather, the boys and girls tennis teams swung into action. The boys' team, under the direction of coach Dick Hodsdon, worked hard to perfect their forehands and serves. Mrs. Andrea Deaton was the pilot for the girls' team. Each girl had to discipline herself in the fine art of playing tennis. Rhythm and timing, two very important aspects in the game, were brought out in each girl through their hard work and the fine coaching of two understanding people.

Coach Gary Everton gave much time and showed much patience in the development of the team. Team members for this year were Mike Heath, Billy O'Connor, Mark Estienne, and Pete Clough.

Something new at Indian River took place this year, the girls gymnastics team was formed. Coach Bill Lassister worked with the girls to develop skills on the balance beam, uneven parallel bars, vaulting, and in floor exercise. This looks like the sport of the future for Indian River High School. In spite of being a neophyte team in gymnastics, our team placed second in the city meet.

ACTIVITIES

Times arose when we
Directed our talents
To activities outside of the classroom.
We contributed time, effort,
And most importantly, ourselves.
We learned to work with others
And we shared responsibilities.
We were able to participate
In the excitement of Homecoming Week,
The magic of the Prom,
The awe of the Miss Indian River Pageant,
Humor of the Mr. Indian River Pageant
And the Powderpuff Football.
All of our extracurricular activities
Were important in that
We worked together in
"Making Our Dreams Come True."

S.C.A. Picked Up School Spirit

An organization to which all students belong is the Student Cooperative Association. Seniors, juniors, and sophomores make up the S.C.A. Council that represents the entire student body.

The S.C.A. continued to strive for full student participation in school activities and to foster closer student teacher relationships. They sponsored the Christmas Grinch Contest, collected money for the Firemen's Christmas Fund and had a variety of sales.

To stay abreast of current Trends, the S.C.A. Council was always represented at all district meetings.

Annual Staff Workers Put In

The Annual staff worked hard and fast to meet deadlines. Sometimes they could be seen running in the halls trying to get a little information here and there, or helping the photographer take pictures of the students in the school. Some of the students from the annual staff went to the photography work shop at Pembroke Junior High School that was given by McIntosh Studios. The staff not only worked during school but they also spent many hours on weekends and after school making up copy, typing, drawing layouts and cropping pictures for the mailing date. We hope the students like the 77-78 annual, as we worked very hard on it for them and to make our dreams come true.

Much Time Towards Their Dream

Dedication and Practice Resulted

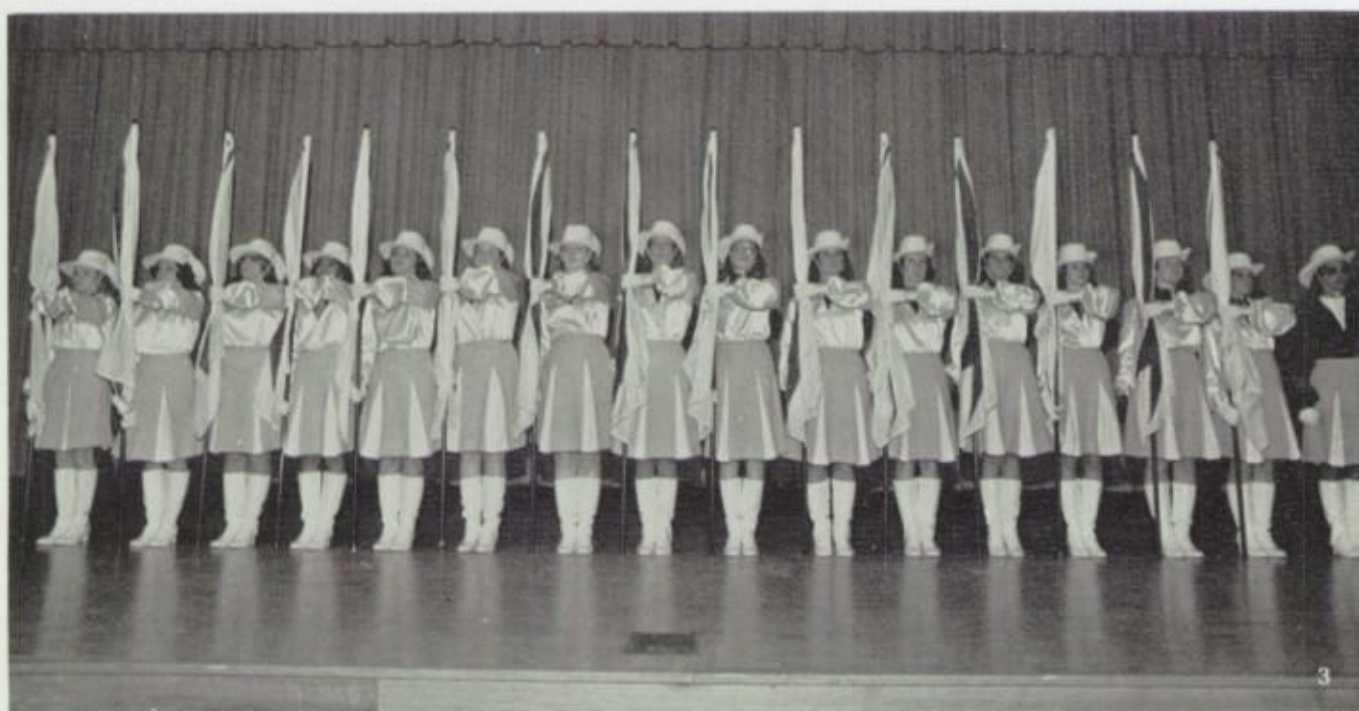

The Marching Braves began their work soon after school was out for the summer vacation. Their work started off with summer classes on different days of the week and ended with a band camp that was held at Chowan College in North Carolina.

From the 12th of August to the 17th the Marching Braves worked from 8 in the morning to 9 in the evening to prepare themselves for the oncoming year.

The Braves strutted through one of the best competition seasons in the history of the band. Under the direction of Mr. James Page, the band traveled to the Neptune Festival where the band placed third; the drum line placed first and the majorettes placed first. From there the Braves went to the State Fair in Richmond, Virginia where the drum majors placed first. The band then hosted the twenty-first annual Tidewater Festival of Marching Bands. Some members had the opportunity to participate in regional and state competition, testing their ability to perform office skills.

The over-all goal of the Future Homemakers of America club is to help its members improve community, personal, and family living, as well as to develop leadership ability.

You have probably seen them in the Veteran's Day Parade, and the Portsmouth and Great Bridge Christmas parades. Annually they have captured trophies at the All-Chesapeake JROTC Field Day. Some of their community projects were the annual Red Cross Blood Drive, flower sales for Valentine sweethearts and for Mothers Day. Their school projects consisted of Dress-up day, Stadium clean-ups after football games and Teacher Appreciation Day.

The annual Blood Drive Day was always one of excitement. This excitement was brought on by the students who were trying to prove their bravery by giving blood and then swooning at the first drop drawn from them. As was expected, the swooners usually bragged about the amount of blood they gave, but someone from behind the scene always let the truth be known.

This show involved many people to fill the roles as either chorus members, dancers, actors, or actresses; and under the skillful direction of Mrs. Carole G. Smith, they all were able to reach their potential. Mrs. Mildred Barnette and Mr. James Page graciously gave their time to work with the cast in the musical numbers.

The Thespian Troupe sponsored an annual get-together, during which the Best Actor, Best Actress, Best Technician and Who's who in Indian River Theatre were announced. Also, the Thespians entertained the school during Thespian Week for a dime per stunt.

Many members of this club dedicated their free time to aid in the play's production. Working on lights or sound, building platforms and the carousel, selling ads, and publicizing the play were a few of the jobs handled by the various crews on CAROUSEL.

ACADEMICS

During the day
 We often found ourselves scurrying
 From one class to another
 Taking notes, cramming for tests,
 And doing whatever was needed
 To fill the requirements of our classes.
 Other times we were able to
 Sit and relax
 To just be ourselves.
 While we were in school,
 We were able to meet new people.
 Experience new things,
 Or simply goof off.
 All of these activities
 Helped up to become
 People we want to be.

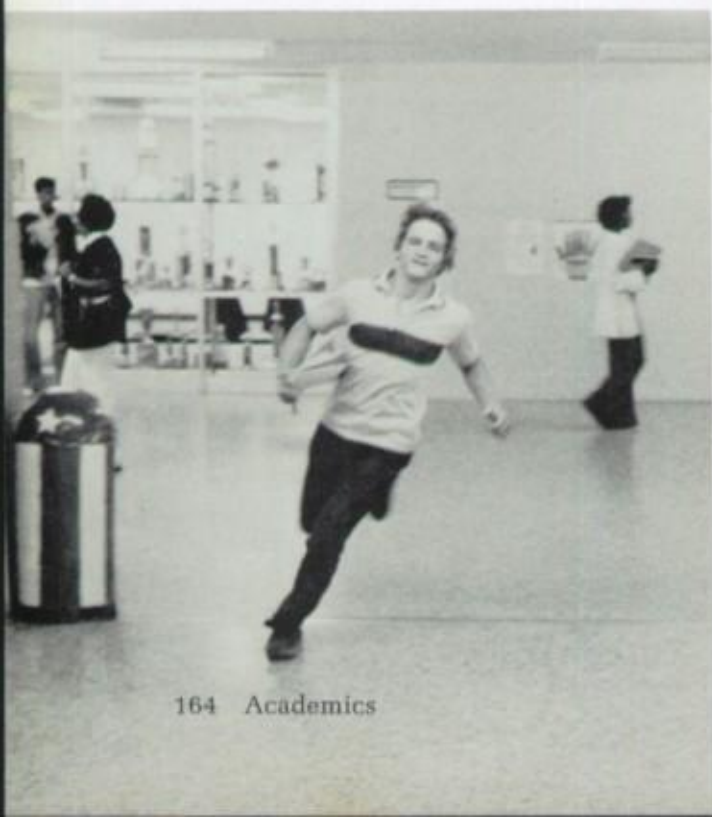

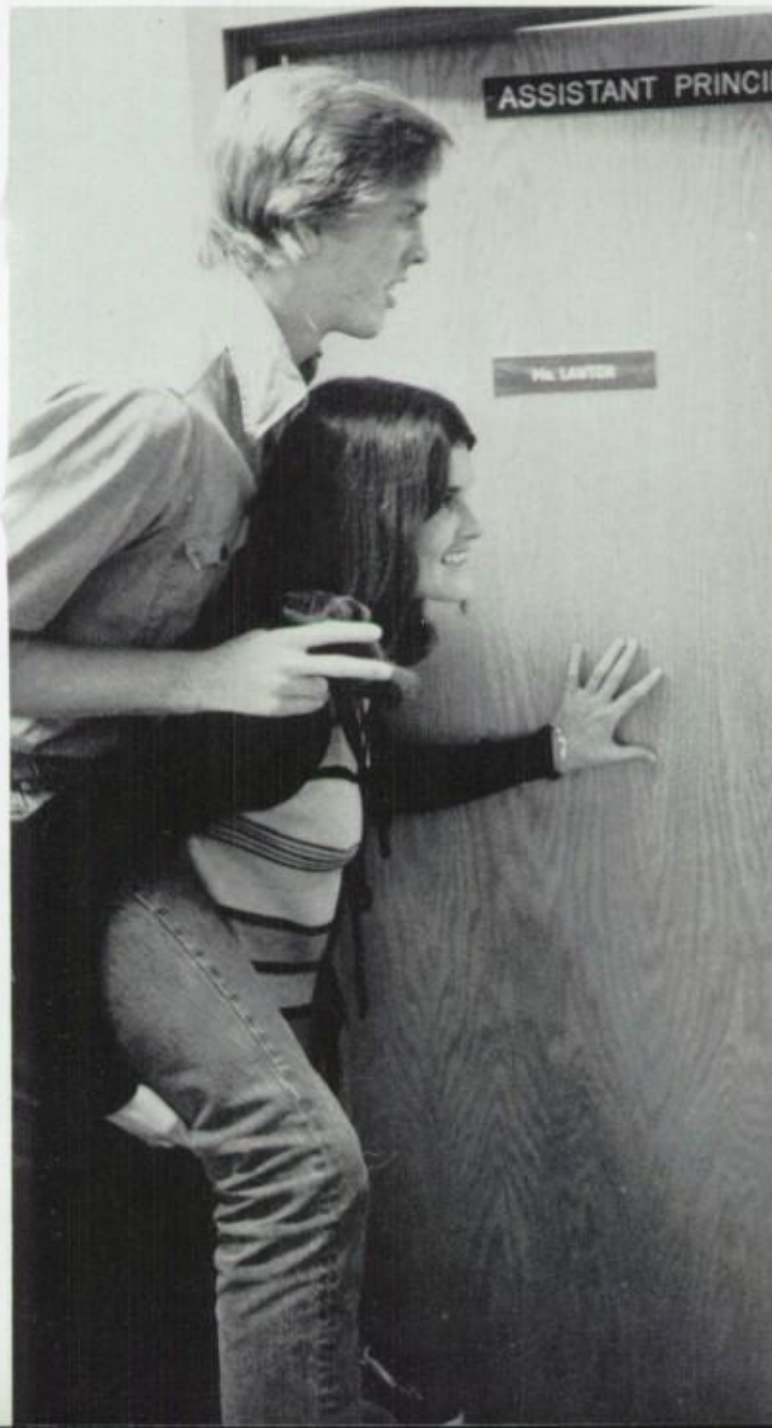

Indian River Second Home for Students

Each day for a week a familiar bell signaled the beginning of another day's work at Indian River. From 8:50 A.M. to 3:07 P.M. minds ticked away during the fifty minute class periods which allowed the students to receive an education. Customarily, class periods were seldom interrupted other than for lunch periods, which meant that extra-curricular activities had to be pursued before or after school.

In addition to offering a curriculum to college-bound students, Indian River offered several courses that gave the students skills for employment during and after high school. Such programs that taught marketable skills were Distributive Education and Industrial Cooperative Training. Likewise for students who wished to pursue a business career, courses in typing and general business were offered.

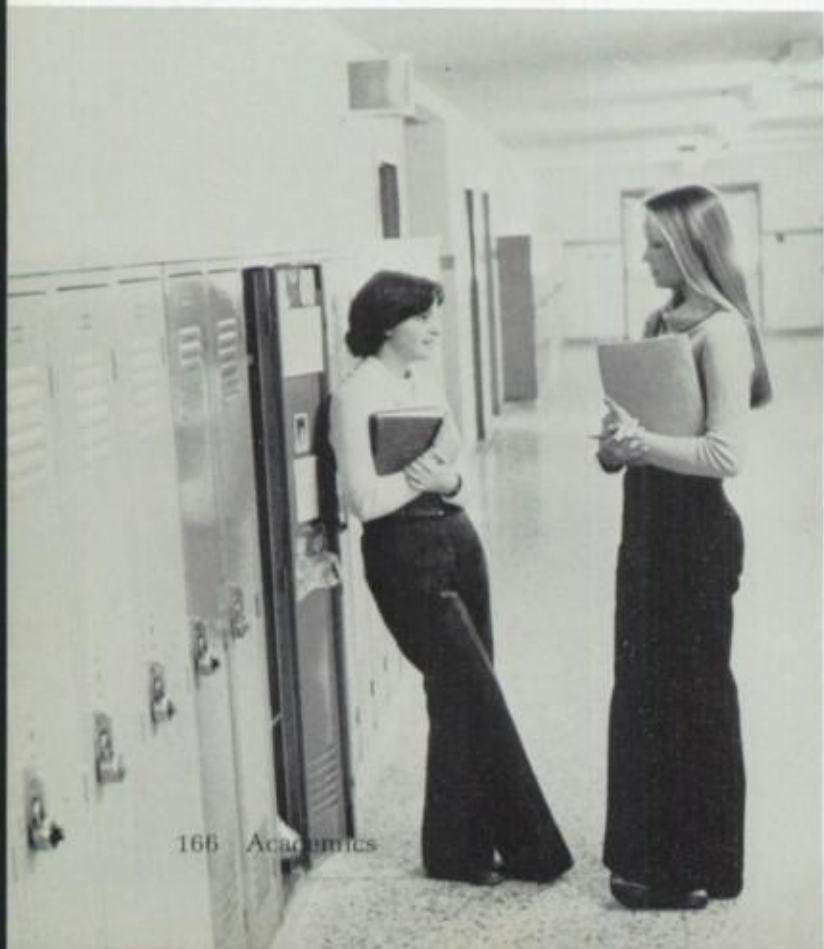

Other courses of interest were offered at Indian River. Courses in band, chorus, drama, humanities, art and communications helped the students to develop a greater aesthetic appreciation of life.

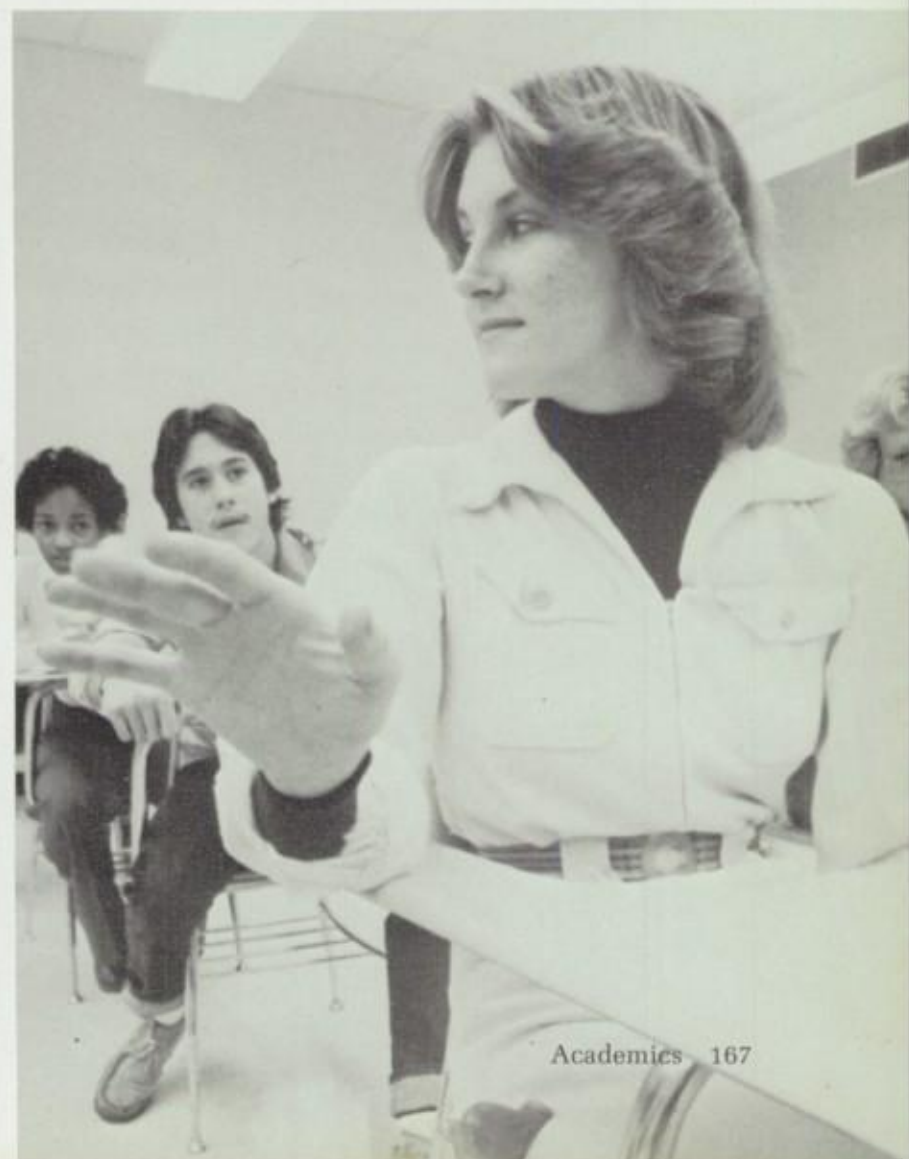

Academic life at Indian River was so filled with worth while challenges that the graduates continue to believe that they are prepared to make their DREAMS COME TRUE.

FACULTY

Monday through Friday
 We dragged into our homerooms at 8:45
 And rushed out of our sixth period classes
 When the 3:07 bell sounded
 The closing of school.
 Somewhere in between
 Something of importance went on.
 A teacher's voice awakened us
 From our daydreams.
 If we took time to listen,
 The facts, figures, and theories
 Fell into place.
 The faculty was then able to
 Help us find our dreams.
 They helped us and challenged us,
 To do our best
 To make our dreams come true.

The Administration . . .

Mr. Herbert Phillips

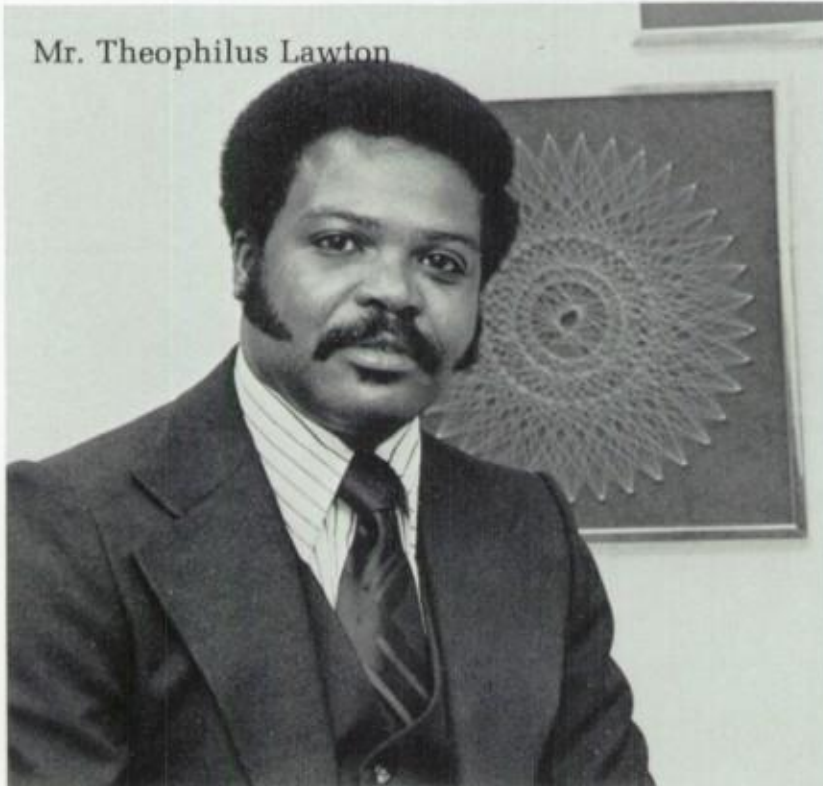

Mr. Herbert A. Philips, Principal, encouraged everyone to have pride in Indian River and to make the school the best. His school spirit was always evident. Also he made the students feel important by chatting with them whenever he could and by listening to them when they had something to say.

Mrs. Elizabeth B. Hanbury, Assistant Principal for instruction enjoyed her job counseling both students and teachers, as well as developing a curriculum of studies that gave us a sound background for future endeavors.

Mr. Theophilus Lawton and Mr. Wayne Petterson, Assistant Principals for Administration shared the responsibility of applying discipline, and checking attendance.

Those busy ladies who lightly touched the typewriter keys and pleasantly answered telephones while being called upon by students and faculty members were the efficient secretaries at Indian River.

The secretaries always remained pleasant in spite of the multiplicity of duties they performed.

Besides the office secretaries, there were the library and guidance secretaries who willingly helped the students and faculty alike in many ways.

Someone Cares!!

Happiness is knowing someone cares! What classes to take, where to go to college, what career to choose — . The guidance counselors assisted the students with these concerns and many more — They spent long hours in conferences with students, studying student records, and discussing student needs with parents and teachers. Much of the future success of the students depended upon the efforts of these dedicated few.

The Physical Education Department offered the students a chance to engage in physical activity which changed the pace from the routine of regular classes. Although sophomores were the only students required to take physical education, many options were offered to Juniors and Seniors. Recreational courses that were offered included: Leisure Time Activities (ping-pong, shuffle board, badminton), Advanced Tennis, Track and Field. In addition to their regular teaching responsibilities, the physical education teachers coached many of our sports. Their goal was to foster good health, good sportsmanship and sound competitive attitudes.

Past . . . Present . . . Future . . .

Development of learning activity packages in the areas of "Career Education" and "Using the Library for History," as well as expansion of the mini course program to provide a broad range of social studies topics marked the goals of the Social Studies Department this year.

The informal yet academic atmosphere of the Media Center encouraged the students to take advantage of its modern facilities. Media programs assisted students in finding, evaluating and applying information that helped them with class assignments as well as preparing them to function effectively in society.

Because of its intriguing course curriculum, psychology drew students from all grade levels.

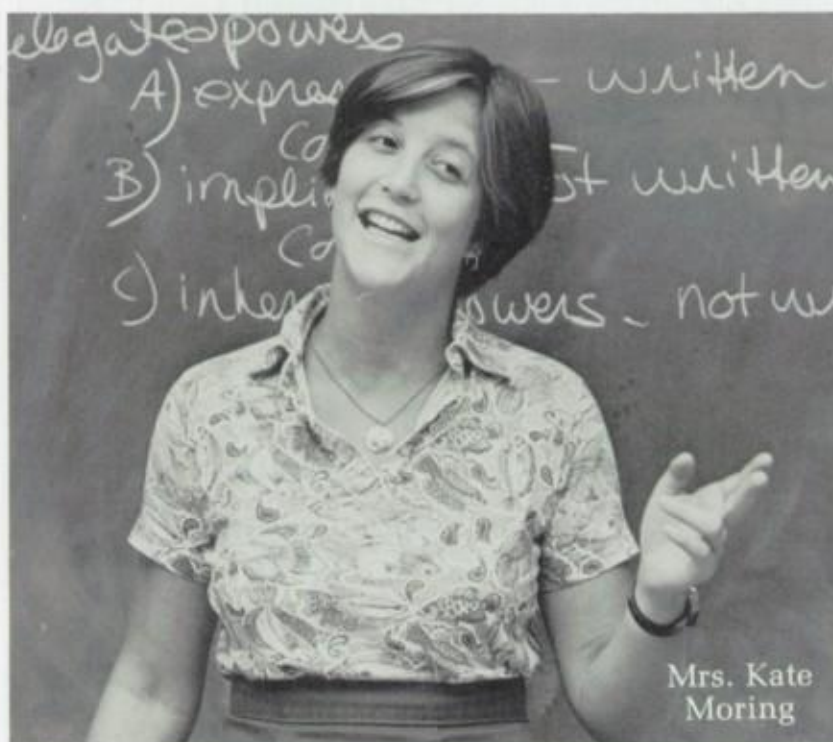

Our reading program strove to help students achieve their maximum potential in reading in school as well as in life.

Math Offers Opportunities For All

Career math, senior math, trigonometry, geometry, and algebra can lead to many technical careers. To equip the students with the necessary background in mathematics to function successfully in their chosen careers was the goal of the Mathematics Department. Not only did the department prepare the students to enter a higher institute of learning but also it aimed to help students to understand math needed to function in ordinary daily living.

Modern society demands that all citizens be scientifically literate and that they be equipped to make responsible decisions concerning science related issues. Recognizing this need, the Science Department provided preparation in the basic sciences of biology, chemistry, and physics for college-bound students and terminal science and technological instruction for students whose academic or career goals did not include further formal study in science.

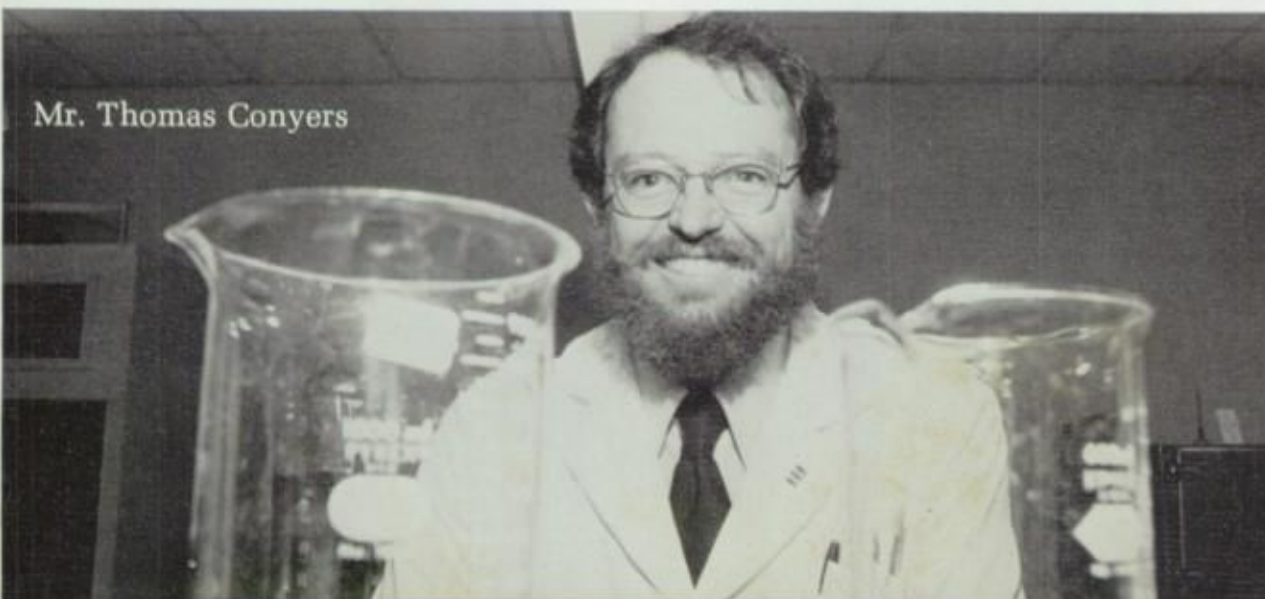

The department also provided for individual differences in student abilities and interests within the framework of applied and theoretical science.

Arts Refine Skills

This school year was another active one for the IR. Music Department. The marching band took to the field during football halftimes and gave performances that will always be remembered. The band and chorus presented many enjoyable concerts. The Music Department entered its students in many competitions and won numerous awards. Innovations and enthusiasm truly account for the department's success.

The Foreign Language Department not only placed emphasis on Spanish and French as languages, but also continued their policy of teaching the customs, values, and cultures of these countries. To do this the students prepared foods and dressed in styles representative of the countries.

The Art Department promotes an opportunity for all its students to discover how art effects them individually in their everyday lives.

Learning New Skills

Home economics covered a variety of courses that appealed to both male and female students. The areas covered were food, clothing, child care, family relations, housing, and interior decorating.

The child care program provided parents an opportunity to enroll preschool children into a well-planned training program. While working with pre-school children, many of Indian River's student's chose this area as their career.

The Industrial Arts Department provided many students with marketable skills as well as with training that would lead to apprenticeship programs.

The Communications classes were always busy printing programs for school sports and other activities in the school.

Indian River's unique study hall did more than provide a place for study. Students could learn word games, how to crochet and other useful pastime activities that became hobbies for many of the students.

Business at IR

Stenographer, bookkeeper, clerk typist, secretary, are a few of the careers which our students have pursued after taking the variety of courses offered by the Business Department.

Distributive Education trained the students, under supervision, for sales and advertising jobs while Industrial Cooperative Training provided the students with skills for jobs not related to sales or office-centered work.

The Air Force Jr. R.O.T.C. was a "service" minded organization and were seen acting as guides during PTA Open House, directing traffic for the Tidewater Band Festival, and providing color guards for football and basketball games. They also participated in the Veteran's Day Parade and the Portsmouth and Great Bridge Christmas parades. The highlight of their social activity was the Military Ball for all the Chesapeake AFJROTC.

Since virtually every career involves the use of English in some manner, the English Department helped prepare the students for all vocations by providing opportunities for the students to improve their reading, writing, and speaking skills. In addition to sponsoring the school publications, the English teachers sponsored the forensics team and assisted with implementing the overseas exchange program.

Behind the Scene Help

The faculty and students recognized the special services provided by our youth services officer from the Chesapeake Police Department and our human relations coordinator both of whom helped to maintain a friendly atmosphere at Indian River.

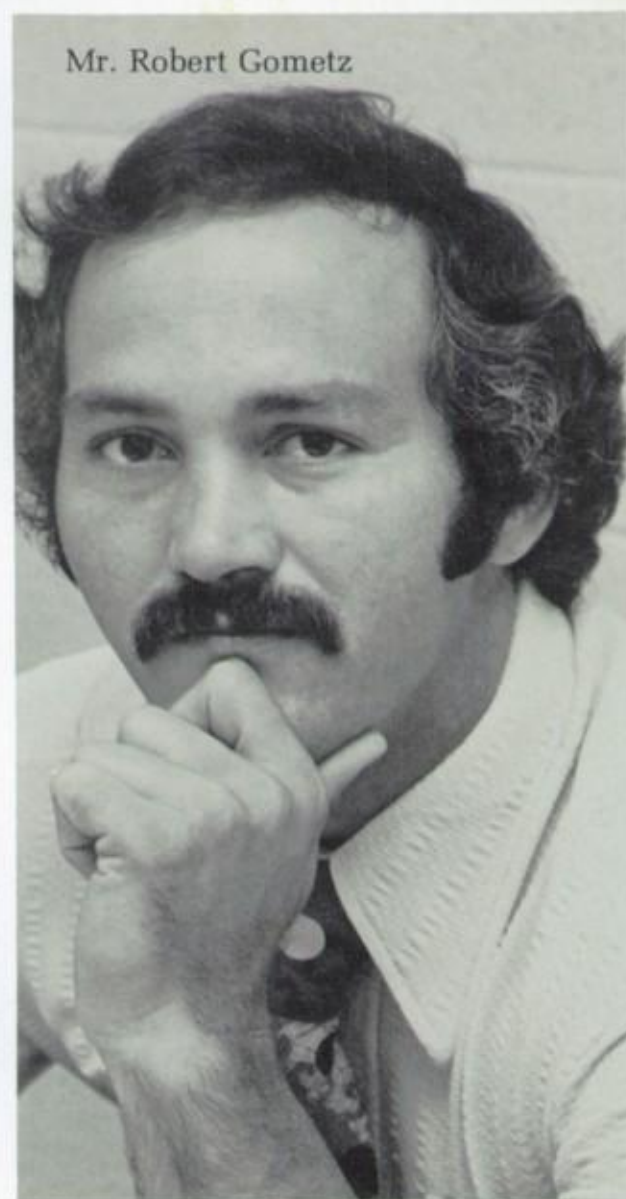

Our school nurse helped us to spot problems in health and encouraged us to see the appropriate doctor. In addition, we were always advised to establish good health habits.

The school community worker did a fine job establishing lines of communication between the home and the school when conventional methods were unsuccessful.

Serving Us Day to Day

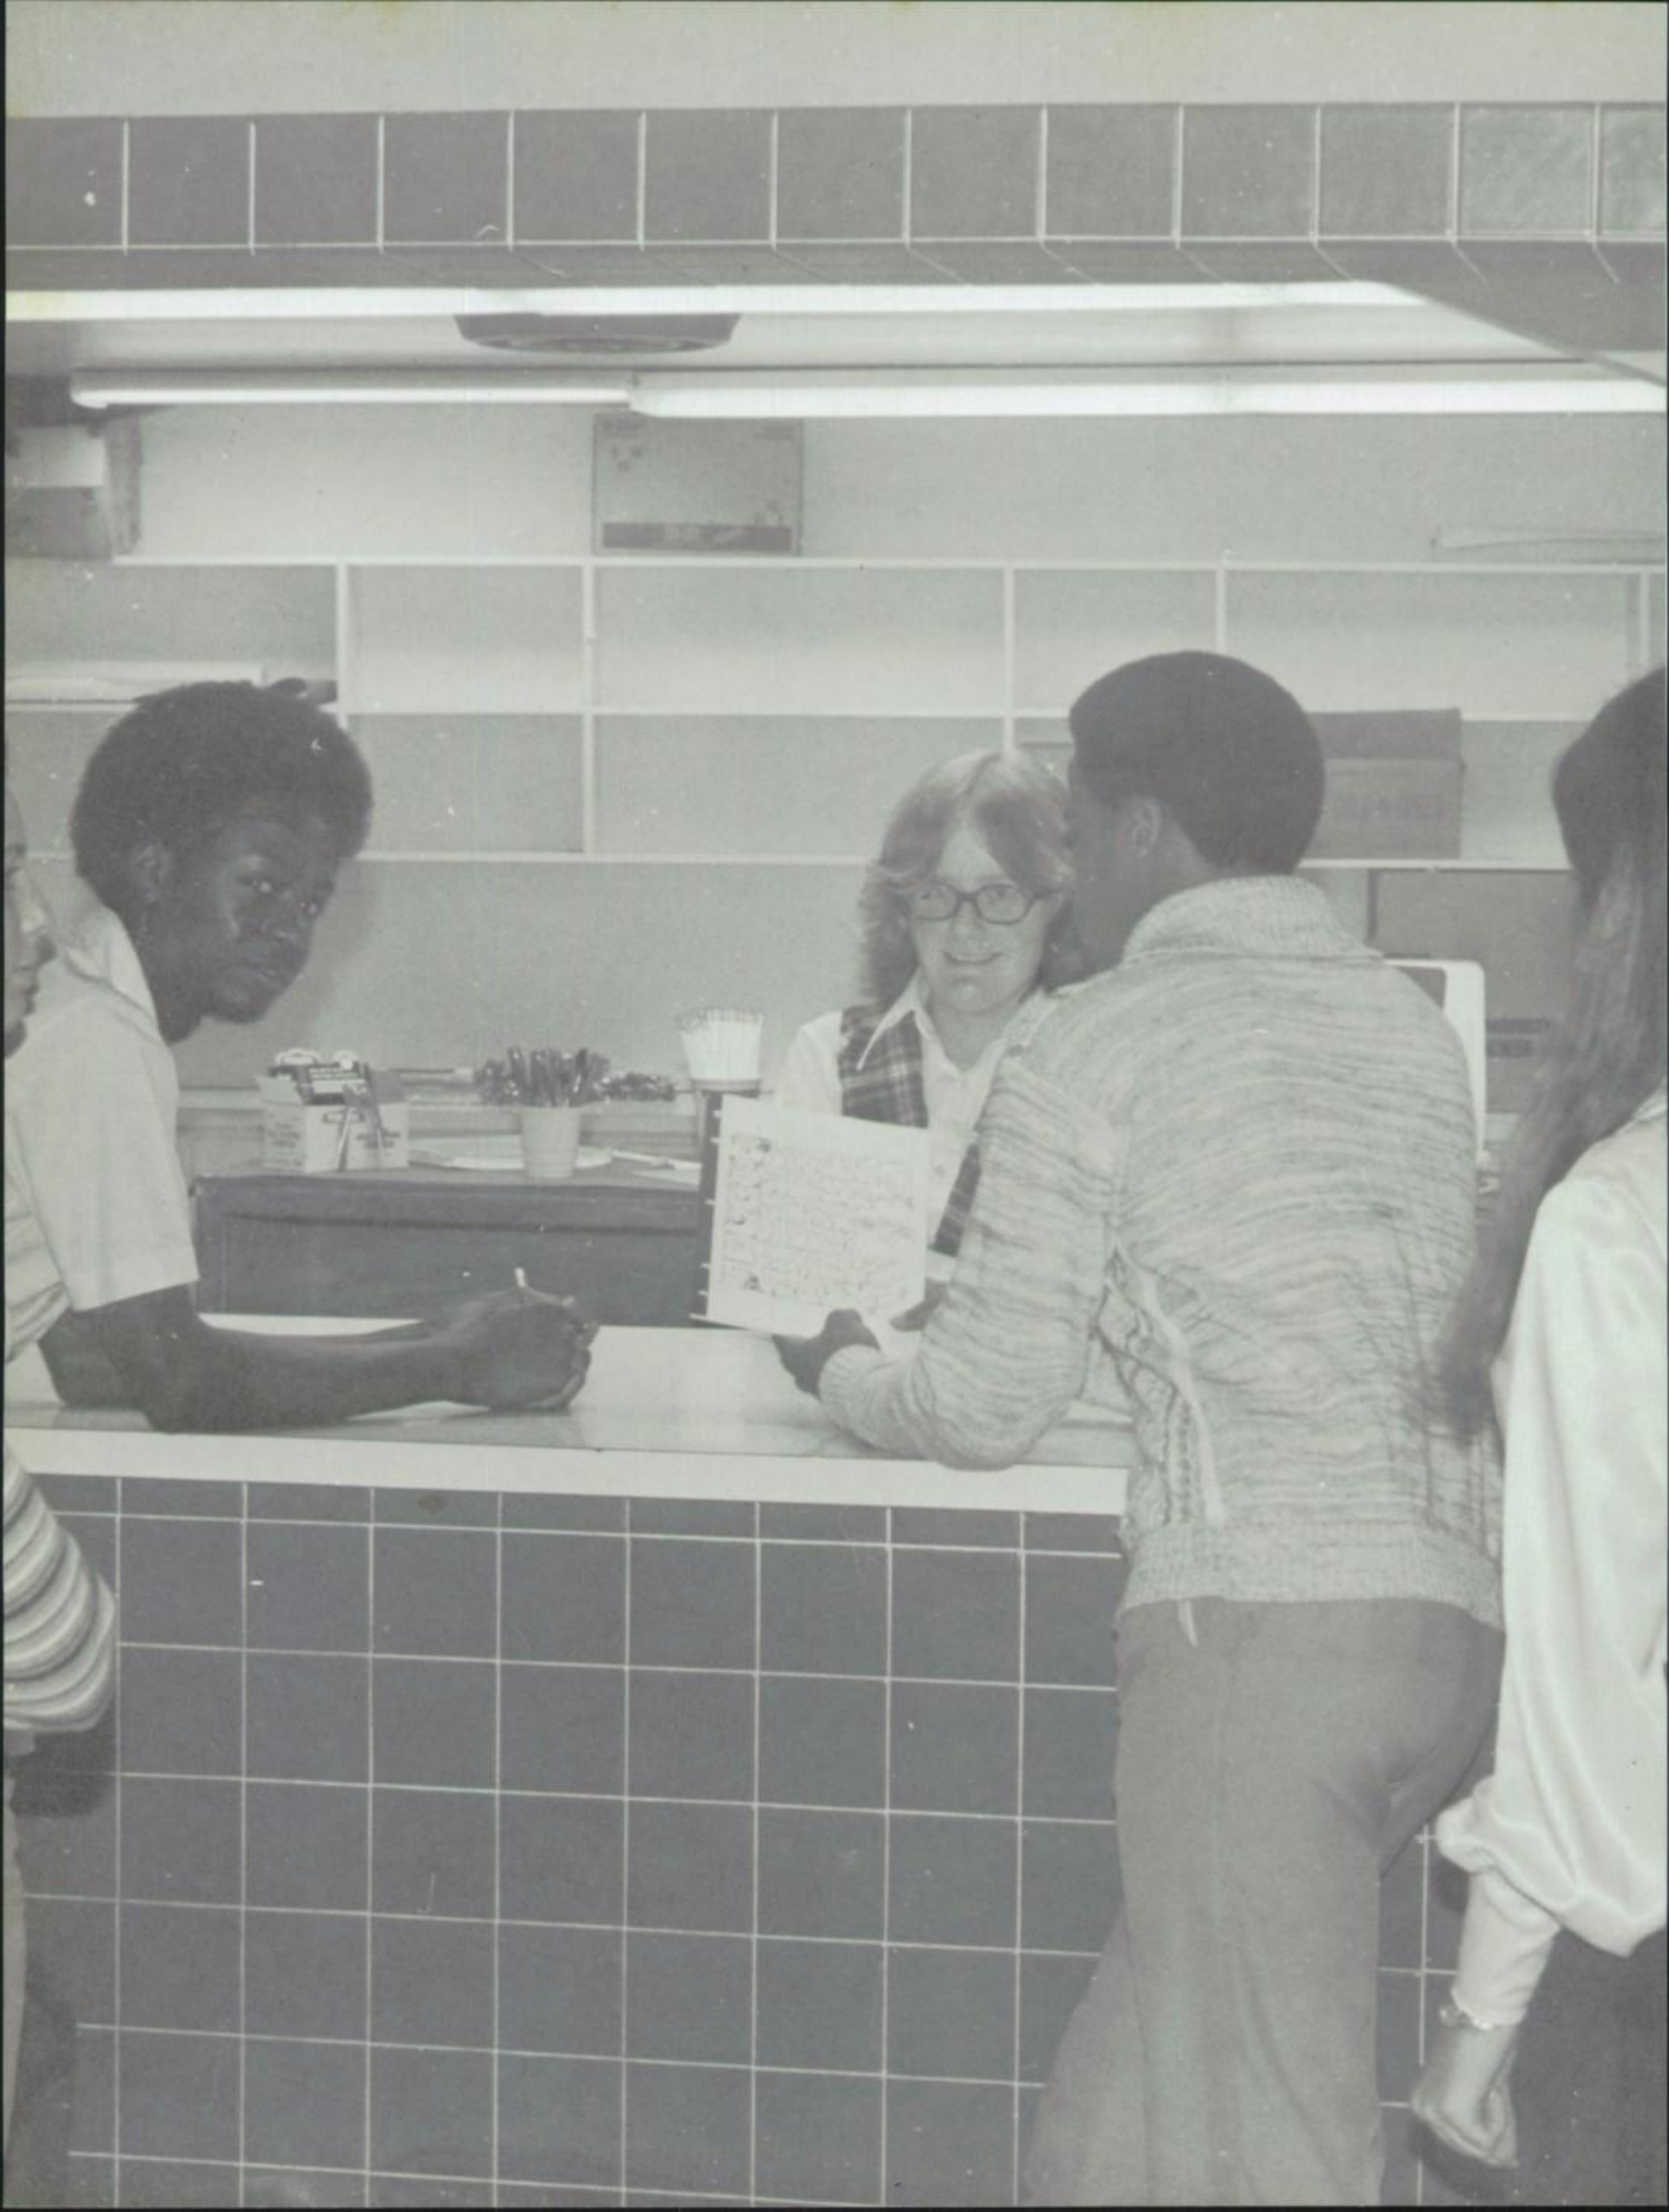

Two important groups of people at Indian River were the custodial staff and the cafeteria staff. The custodial staff members were the first and last people to see the inside of I.R. on a school day. Two shifts, ranging from 7 A.M. to midnight kept the custodial staff busy many hours. In spite of their workload, they still found time to give special assistance when it was needed.

The cafeteria staff also started its day before even the first busload of students arrived. This early start resulted in a variety of balanced lunches for two lunch periods filled with hungry Braves.

Custodial Staff: top row; Mr. W.C. Chappell, Mrs. Virginia Poteat, bottom row; Mr. Jim Mayes, Mrs. Lillie Smaw Gordon.

Acknowledgements

As the final deadline was sent off last March, we found that the 1978 **Sequoyah** represented not only the school's activities, but also many hours of work and dedication.

Mrs. Vivian Duke, our annual advisor, dedicated many hours of her free time to see that all deadlines were met. Miss Peggy Scott, our business advisor, spent of her time collecting installments and advertisements for the annual. Mr. John Perry, our Hunter representative, made himself available whenever we needed his assistance.

Mr. Elliott Torn and McIntosh Studios patiently endured our long

photography schedules and always gave us prompt quality service. Some photographs and candid shots were provided by a member of our Senior class, Eddie Richardson.

The Administration and faculty were extremely generous and patient when they were called upon to excuse students to meet our photography schedules or to allow the staff extra time to work on our deadlines.

Thanks goes to our advertisers whose financial support has made it possible for us to produce a book of this size and quality.

Finally, we would like to thank

the students of Indian River whose own dreams and goals helped make our dream come true.

Sincerely, THE STAFF

Through Our Experiences

At Indian River . . .

We Will Continue

To Make Our Dreams Come True

We've laid foundations
For the future.
Our happy times,
Sad times,
In-between times,
Are now behind us.
From these experiences
We've learned
To consider others,
To do our best,
To learn from our mistakes,
And most of all,
To keep dreaming;
 for it gives us all
 something to reach for.
When we leave these doors,
It will not be an end,
But rather a beginning.

[redacted]
to a boy I've just
gotten to know this
year. Good luck in
the future and may
all your dreams be
true filled and may
all your days be good,
stay just the way you
are and you'll go far
in life.

Friends always
